Vision

VISION

Pioneering Architecture for the Era of AGI and Quantum Computing.

We instantly propose and implement next-generation architectural philosophies, maximizing long-term asset value and sustainable societies in the rapidly evolving age of advanced AI and quantum technology.

ビジョン

AI・量子コンピューター時代を生きる、未来の建築思想をカタチに。

人工知能（AGI/ASI）や量子技術がもたらす激変の時代において、私たちはどこよりも早く次世代の建築思想を提案・実装します。テクノロジーとデザインの融合により、持続可能な社会と、色褪せない資産価値の最大化を追求し続けます。

Developer Background & Achievements

RC Upright Construction Method Developer / Architectural & Infrastructure Consultant

Makito Akatsu, developer of the RC Upright Construction Method and former representative of Akatsu Design Office, has been deeply involved in architectural design supervision, construction, real estate consulting, energy consulting, and construction business operations across major Japanese corporations, critical infrastructure projects, and advanced architectural developments.

Major Design & Supervision Projects

- **Food Factories:** Kanemi Foods Co., Ltd.
- **Headquarters & Logistics Infrastructure:** Japel Co., Ltd. headquarters, distribution centers, and retail facilities
- **Commercial Facilities & Retail Stores:** TSURUYA Shoes (currently G-FOOT Co., Ltd.), Kitashiroya Japanese confectionery stores
- **Advanced Agribusiness:** Yanmar Holdings advanced vinyl greenhouse facilities
- **Next-Generation Energy Infrastructure:** Hydrogen stations for Toho Gas Energy Engineering, EXPO 2005 Aichi hydrogen station, cogeneration facilities, and precision machinery foundations
- **Residential Projects:** Steel-framed rental housing and custom private residences

Consulting & Construction Experience

- **Industrial Infrastructure Consulting:** Gifu Auto Body Co., Ltd. factory consulting
- **Real Estate & Energy Consulting:** Comprehensive consulting based on extensive practical field experience
- **Construction Industry Operations:** Hands-on experience in construction management, operations, and business administration

AZRAS

Open-Core Architecture · Adaptive Zero-Rebuild Asset System
